

CLASS SYLLABUS

2B

Mrs. Peters' Class

Hi, I'm Mrs. Peters

I am a graduate of Northern Arizona University and Liberty University. I have a M.Ed. With a concentration in School Counseling. I have taught students across multiple grade levels, including a semester in China teaching University. I love Teaching second grade because I love helping students build curiosity, confidence and a lifelong love of learning.

Teaching Style

Every child is an individual with unique characteristics, temperament and developmental pathways. While most children will go through the same basic stages of development they will do so at their own pace and each with their own unique personalities and dispositions. Children differ in their motivation, prior knowledge and skills, learning styles, and interests. As teachers we know that each student is an individual capable of making progress and contributing to the larger group. In Second grade we will have shared goals and can expect to have common learning progressions. However, as a responsible educator creating my students' learning opportunities, I will always consider the unique intercross between the child and the environment in order to fully support their growth and development. Children develop and grow over time when they experience supportive interactions and active engagement in enriching learning environments. It is my honor and duty as your child's teacher to provide the utmost loving care and guidance as s/he continues their academic journey!

Discipline is a process of learning self-control, respect for others, and responsibility. It is the necessary process of learning to be respectful and resourceful members of a community. Positive methods of discipline will be practiced at all times so children are aware of an acceptable code of conduct at school. We thrive on mistakes and with proper direction and reflection we will grow because of them. This is the reason the majority of our minor disciplinary issues in this classroom are viewed as learning opportunities. We have found that when there is an interest and motivation without fear of condemnation, it is where most learning takes place. It is through error and process in which we truly learn. For this reason, mistakes are not only tolerated and expected, but are in fact needed! At the core, it is mistakes that are the cause and effect for learning.

Class Expectations

Respect Yourself

Always take pride in your work and actions.

Respect Others

Treat everyone with kindness and consideration.

Respect Our Time

Be ready to learn and be fully engaged during class.

Above and Beyond

Gotcha!

5 in a row Note Home

Homework

Homework is typically assigned Monday through Thursday.

Book Reports–Month Long Assignment

Students will write their homework assignments in their
agenda every day

Nightly–Math Worksheet, Phonics, Book Bags

- HFW (High Frequency Words) Flashcards
- Word Pattern Reading Sheets
- Sentences– Vocabulary and Key Pattern Words

Recognize the patterns not to memorize the words

No Math homework on test day

Weekly– Literacy Game Provided to play at your child's
leisure.

Policy

1

Dress Code

Please double check that your child is dressed in school uniform everyday.

- Shirt must be Tucked in.
- Socks must be seen.

2

Attendance

Doors open at 7:35

Attendance is submitted at 7:50

After 7:50 please check-in at the office.

3

Birthday- We love to Celebrate!

Please give a mandatory 1 week advance notice if sending in treats. Please be aware of any allergies in the class.

Prepackaged, individually wrapped store bought items only.
Invitations- You can ONLY handout invitations at school if the entire 2B class is invited. You can also invite via email using the 2B directory.

4

Pickup

Please make sure that your name placard is in your car for pickup.

Time:

2:45 (Regular Days)

11:45 (Early Dismissal Days)

Place:

Remain in the right lane. Students will be waiting just past the main office.

**After School Activities- Provide a printout schedule for your child to tape in their locker that quarter. This really helps them and me too!*

Early Pick up procedure:

A parent or individual authorized to pick the student MUST sign the student out from the office located in the main administration building.

PROGRAMS AND CONTENT

Digital Platforms

We will be using these digital resources throughout the year: Freckle, Epic, Brain-Pop, Savvas and Others may be added during the year.

ACADEMIC PROGRAM

In second grade, students will be challenged through hands on interactive cross-curricular units. Students will learn about a variety of Science and Social Studies units. These Science and Social Studies units will also integrate reading, writing, and math. For example, students will learn about Landforms (Quarter 3) in Social Studies. In this unit Students will use their prior knowledge of Expository Writing (Quarter 2) to research a Hawaii landform, build it Design and Engineering (Quarter 1) and write about it! They will practice their reading using Digital platforms such as Epic, BrainPop, Chat GPT (Monitored by teacher to tailor the reading to their level).

Freckle- Now part of Renaissance, is an online learning platform that provides differentiated practice in Math and English Language Arts (ELA). It adapts to each student's individual skill level, offering personalized practice to challenge them appropriately.

You will be given their Login Information- They may practice this freely at home if you would like.

School Wide Assessments
STAR Testing (Fall, Winter, End of Year)

FINAL NOTE

Forms to Sign– Please Sign before you leave

Our classroom is a safe, respectful space where every child feels valued and supported. At ages 7 and 8, students are still learning how to navigate social interactions, and it is our shared responsibility to model kindness and respect.

Please help us maintain this positive environment by:

- **Avoiding group texting about classroom matters that might cause confusion or concern.**
- **Refraining from discussing other students or parents in front of your child. This classroom is their safe space, as a whole it is frowned upon to have conversations that undermine this safety.**

Thank you for partnering with me to create a nurturing and respectful community for all our students.

Thank you for entrusting me with your child's academic and social development. It is a genuine privilege to be part of this meaningful chapter in their life. Please don't hesitate to reach out with any questions, concerns, or feedback—you can always count on my open and respectful communication. I'm excited for a wonderful year ahead!
