Introduction

Welcome to the start of the 2026–2027 school year! Mary, Star of the Sea School is fortunate to have a beautiful, air-conditioned library with thousands of books — some older, award-winning classics, and others brand-new additions to our growing collection. Our library and its resources are available to all students and parents in grades kindergarten through eighth. Our primary goal is to assist students in obtaining recreational and curriculum-related reading materials and to develop and nurture a love for reading and learning. Students are encouraged to borrow books regularly and are responsible for their safe return.

Each homeroom has pre-scheduled library visits. However, books may be borrowed or returned throughout the school day as their teacher allows.

Mary, Star of the Sea School parents are always welcome in our library and are encouraged to borrow books to read to their children.
